H Class Flat Panel PC Cart.

H class flat panel pc cart

Introducing the H Class Flat Panel PC Cart. The H Class is a Hospital Grade, ergonomically designed height adjustable flat panel pc cart that delivers point-of-care technology – improving workflow and increasing accuracy. ALTUS' proprietary lift technology offers an unsurpassed 18" of ergonomic height adjustment range, rugged construction, and space saving accessibility. Ascend is perfect in any environment – patient, emergency & operating rooms, labs, radiology, nurses' stations – wherever patient data or images need to be accessed. Other applications: Office and Education.
